## Specifications

### Pop-Up Water Base

Height	1125mm
Length	1150mm
Weight (Empty)	37kg
Weight (Full)	637kg approx.
Wall Thickness	8mm
Material	MDPE

### Speed Check Sign

Power	Battery Powered Powerful, efficient 32-bit processor Ultra-low current draw
Battery	LIFEPO4
Power Consumption	In operation mode < 500mA average
Power Efficiency	85% (approximate)
Radar	AGD
Cooling	Passive (no fans)
Speed Recording	Stores 10,000 time-stamped speed records
Stamp Source	Real time clock & calendar
Display	P16 RGB, 7-Colour LED
Display Modes	Speed limit & traffic speed
Programming	Desktop utility to retrieve events
LED	100,000+ hours LED lifespan
Viewing Angle	120 degrees
Case Dimensions	450mm x 600mm
LED Display Dimensions	320mm x 320mm
Resolution	20 x 20
Battery Runtime	12 Hours (approximate)
