SOLAR LIGHTING TOWER

NEW, Super-Powerful Mobile Solar Light

Our brand new design Solar Lighting Tower, designed and built in Australia represents energy efficiency at its finest. This 100% Aussie engineered device not only uses zero power (other than the sun!), it's completely noiseless and throws out amazingly powerful light - a minimum 200w LED (max.400w) for a distance of up to 30m on the SLT4 model. Fully automated and trailer mounted, the Solar Lighting Tower offers more light where you need it, simply and effectively. It is easily transportable and can be set up in next to no time.
